

TRANONT

TRANSPARENCY PROMISE

We firmly believe that our commitment to create the highest-quality products provides a greater standard of performance for our customers. We are driven to positively impact the health of our customers, and our Transparency Promise offers an open view into each of our products. We're dedicated to the continual pursuit of improvement—even perfection—to provide you with products that you can feel safe bringing into your home.

Our approach to product development avoids any unnecessary or potentially harmful ingredients, without hesitation. We work closely with our Scientific Advisory Board, skilled manufacturers, and formulators to ensure our products are not only innovative and effective in elevating your everyday but, above all else, SAFE.

ALL OF OUR PRODUCTS AVOID THE INGREDIENTS OR INGREDIENT CATEGORIES BELOW:

PARABENS

PHthalATES

PHOSPHATES

BHA & BHT

ARTIFICIAL COLORS

ARTIFICIAL FLAVORS

GLUTEN

All products are tested and free of GMOs.

All of our products are biodegradable and come in recyclable, BPA-free containers.*

Our manufacturers follow strict GMP standards for each product they produce.

When formulating products, our goal is always to use ingredients that are vegetarian-friendly; however, if there is not a vegetarian-friendly ingredient that will suit the performance goal of the product, we will look to other clean and safe ingredient sources.

We are confident in our ingredient partners around the globe that provide us with the highest standard of raw materials available. To provide even more transparency and visibility, we are working to add detailed information online regarding the sources of our product ingredients.

Our goal, without compromise, is to provide products that are tested, safe, and clean.

*We are working with packaging vendors of our CBD products to ensure they are recyclable.
